THE BUILDING AUTHORITY

The Authority consists of a group of local citizens who formed a corporate body to perform many of the legal and financial tasks required to proceed with our planned building program.

The Authority is responsible for the financing of all new school building construction in the Union District. It advertises for bids on construction, lets contracts, and supervises construction.

Under the leadership of Mr. C. F. Boller, the Authority has not only given us our new building and additions but has also been responsible for financial savings to the taxpayers of the Union District.

SUPERVISING PRINCIPAL'S MESSAGE

The 1956 graduating class has the distinction of being the first class to graduate in the new Port Allegany Union High School Building. Your group, sixty-five in number, opens a new era of high school training for the youth of your community.

The record compiled by the graduates of the former eras of the educational history of the community has been more than commendable. It is the charge of each graduating class to perform in a manner that is equal to the standard established by previous classes.

You, the class of 1956, bear the further assignment of establishing an accomplishment record that will serve as a high goal for the classes to follow. The Board of Education, the Faculty, and the School Administration wish you every success in this, your highest endeavor.

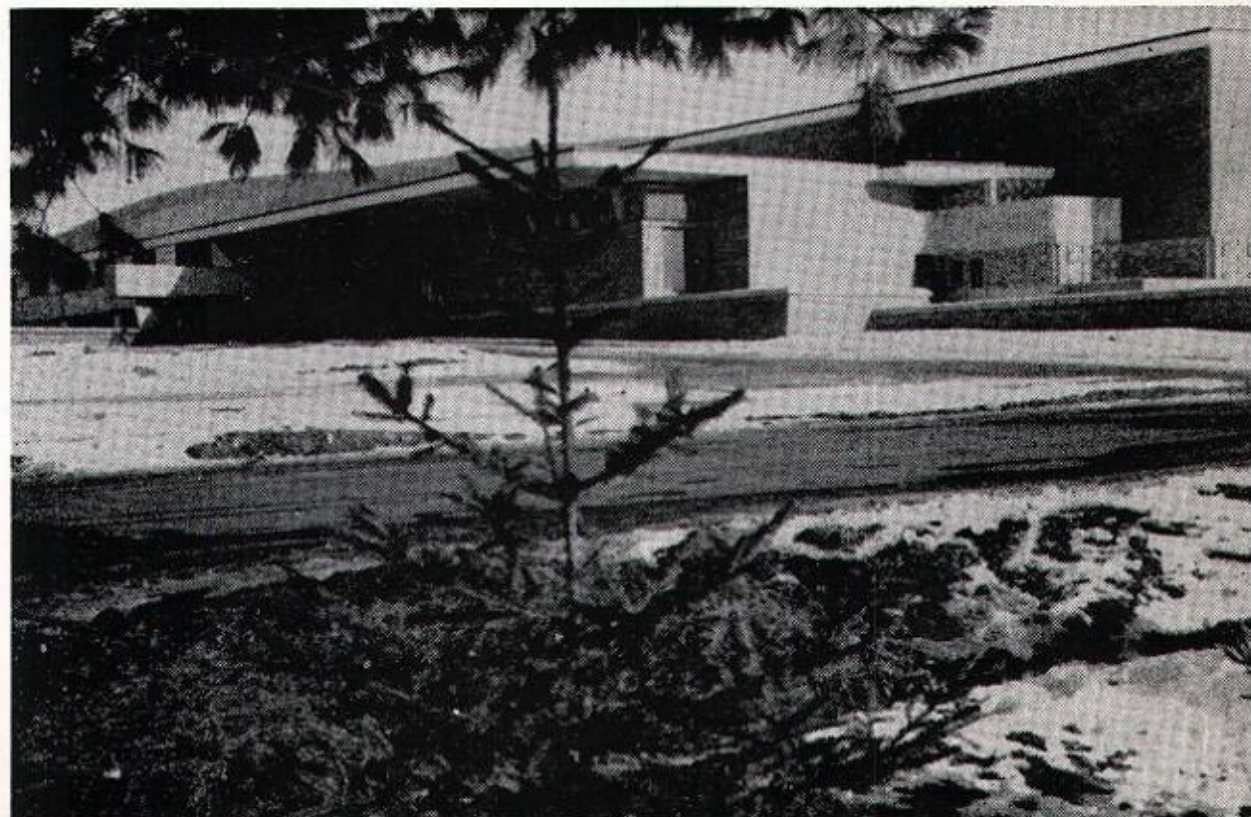

FOREWORD

Hello, folks. My name is Alli Gator. I'm the sixty-sixth Senior. I've been selected to show you people around our new school. (You've seen me already, on the opening page, gazing at the building.) Like you, I think it's wonderful; and I'm proud to be a Gator.

But I have realized something about this new school. I've been using it for a year now and I see that it's more than a big, attractive building for people to admire. It's a place for people to study, to work, and to have fun together.

There's room in it to do things well. It's easier to study in a comfortable classroom. It's great to have a locker, a seat in the auditorium, and a roomy, pleasant library. I could keep talking this way, but I don't have to. I'm going to take you on a tour of the building and let you see for yourself how the students and teachers are using it.

DEDICATION

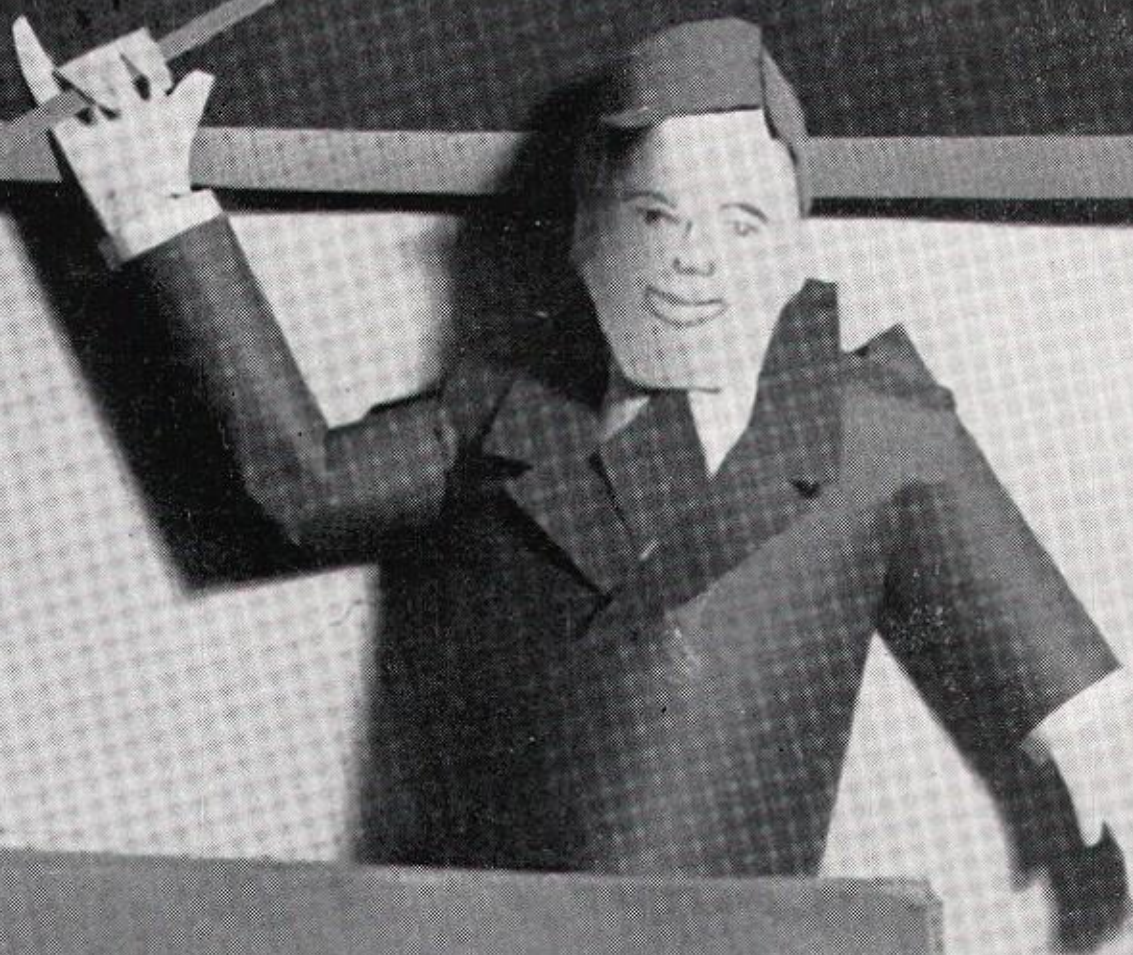

MRS. LORAIN GILLEN

Mrs. Gillen has guided the interest of many students in the French language and in history. She has willingly given her time to help and advise each of us whenever she felt it would benefit us.

We are sure that without her great understanding and patience our Prom would never have been a success. It was due to her continual efforts that we were able to finance our successful Prom. For these reasons, we Seniors respectfully dedicate this edition of the *Tiger Lily* to Mrs. Loraine Gillen. We feel she is deserving of this honor as a remembrance of our thanks for all she has done for us as a class.

Mr. Albert R. Skelton

During the school year when problems arose that we could not have solved alone, we went to our principal, Mr. Skelton. He was never too busy to smooth out difficulties for us or to give us favorable advice in an informal, friendly manner.

As director of the Senior Play, his help was invaluable. In addition to his many administrative responsibilities, he worked long hours with the cast.

During every day of the school year 1955-56 he worked efficiently and expertly with students and teachers.

On the day I, Alli Gator, was scheduled for my vocational interview with Mr. Watkins, I approached the office with only a vague notion of my future plans.

I was greeted by the office girl who took me immediately to Mr. Watkins.

After he listened to my ideas of the vocation I wanted to follow, we discussed its advantages and its disadvantages. He assured me that my training and ability would enable me to follow my chosen vocation and gave me informative literature concerning that particular vocation.

When I walked out of the Guidance Office that day, I knew that my future—and the future of many students—had been decided in the office of our Guidance Counselor, Mr. Watkins.

SOCIAL STUDIES

Here, folks, is the realm of social studies. It is here that we are introduced to the functions of our government, the histories of thriving and decadent societies, the economics of a nation and of an individual, and the importance of realizing the worth of our fellow men. We learn that by fulfilling the duties of a student, we are really fulfilling the duties of a citizen.

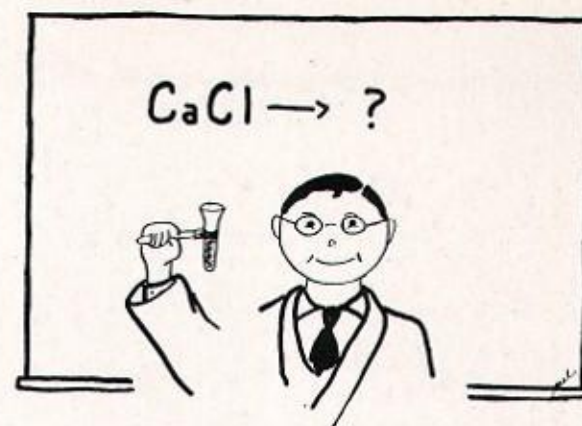

Christmas is celebrated in as many different ways as there are Christian countries in the world. Mrs. Licastro's students re-create artistically Christmas in other lands.

SCIENCE AND MATHEMATICS

This is Mr. Hackett's room. This room is used for general science, physics and chemistry.

The sciences are really wonderful subjects. I was rather discouraged last year when I spilled the hydrogen sulphide and smelled like rotten eggs the next few days. But I quickly changed my mind as I was continually introduced to fascinating new materials. The work with the very active metals sodium and potassium, the making of poisonous gases from their chemical compounds, and the splitting of the atom occupied my complete attention.

I was also stirred by the secrets of mathematics. This year I studied trig and solid from Mr. Bates. When I walked into trig class and Mr. Bates talked about logs, sines and tangents, I was worried. But after the first few weeks I solved the mysteries and began to enjoy these absorbing courses.

I have to admit that math and science are interesting as well as useful.

LANGUAGE

You asked what languages are taught at Port High. We are required to take four years of English and we can choose to take French or Latin.

We quickly understand that to learn to speak and write the language correctly is considered most important. We learn too when we are introduced to its literature the infinite possibilities of a language which we thoroughly understand. There we learn how language is used to convey ideas and corresponding feelings accurately, simply, and beautifully.

The wondrous myths and epics of the Romans and Greeks, the romantic tales of the French, the beautiful simplicity of Robert Frost, and the powerful people of Shakespeare are avenues to a satisfying enjoyment.

COMMERCIAL

In the Commercial Department, typing, shorthand and office practice are taught by Miss Swanson and Mr. Wertz. I remember my first introductions to typing and shorthand. All sorts of horrible thoughts ran through my mind concerning the difficulties of these two subjects. But as a result of the careful guidance of Mr. Wertz and Miss Swanson my fears began to disappear. These subjects became more enjoyable and meaningful (I'll never forget the satisfaction I experienced after I had typed my first letter).

I really saw the value of high-school commercial training when my friend Jean received a job as typist for the North Penn Gas Company.

VOCATIONAL EDUCATION

Agriculture, Industrial Arts, and Home Economics are the vocational courses offered to students at our high school.

The girls majoring in Home Economics become acquainted with the problems they will eventually encounter as home-makers and with effective methods of meeting and solving those perennial problems.

They learn to redecorate rooms, to can and freeze foods, to plan and prepare meals, to sew, and properly care for children.

As a result of the extensive new facilities, home-making has become a valuable and meaningful course.

The Industrial Arts course is designed to help students to learn to use machinery and materials advantageously. Mechanical drawing is emphasized. Many boys have discovered that their manual skills can be used and improved through this vocational training.

Our students of Agriculture spend time in the classroom discussing different types of soil, the effectiveness of crop rotation, and the new mechanical aids. But their course becomes meaningful as a result of their varied projects which include raising of beef cattle, pigs, sheep, chickens, and vegetable gardens.

Ezra Taft Benson will not have to subsidize these individualists who are learning to make Nature provide the subsidies.

Miss Martha McFarland, librarian

Miss McFarland is of great assistance to each of us in selecting entertaining and educational books for our reading. We especially noticed her efforts this year to help the Juniors with their research papers. Through her teaching them the proper use of the Readers Guide to Periodical Literature and the vertical files, she not only helped them with their work, but she also gave them excellent training in using the library.

Mr. William G. Wilcox

Mr. Wilcox not only teaches us drivers training in the classroom, but actually takes us out for driving lessons. Through the classroom study, we learn the proper names and functions of each part of the car and also the rules of safety. While out driving, we learn to handle a car in the safest and most courteous fashion. We receive a feeling of competence after we have received the excellent training titled "sportsmanlike driving."

HEALTH AND PHYS. ED.

Incapacitated

First aid and home visits were frequent responsibilities of our health department. The nurses visited the homes of the pupils and talked with their parents. They interpreted to the school administrators and teachers the conditions in the home which helped influence the child. They also kept complete medical records of each student.

During this year medical and dental examinations and audiometer tests were given to the pupils in the first, third, seventh, and eleventh grades. Salk vaccine shots were given to the eligible pupils from the second to the fifth grades.

Twice this year, in November and April, there was an Orthopedic Clinic in Port Allegany for those students whose medical examinations indicated that they required this special attention.

This is our Health Department, essential to the school. The nurses and doctors have performed many duties for the good health of the students during the school year.

What's that we hear? Well, I do believe we have walked into a gym class. This is one of our favorite classes because we not only learn how to play games and to tumble, but we also learn how to get along with our fellow classmates.

If we enjoy this class, we may join the Gym Club. In this club we learn how to develop our skills, how to work as a team that likes to win, and how to be able to lose without whining when the competition is better than we.

CLUBS

CAESAR IS BETRAYED

One of the most active clubs in Port High is the Latin Club. The main purpose of the club is to create and further the knowledge of Latin customs and traditions.

Each year an initiation is held and the new club members become members of the Junior Classical League.

This national organization holds an annual State convention to which delegates are sent to represent Port Allegany.

The most important project of the Latin Club is the Annual Roman Banquet, which is held in accordance with the traditions of Ancient Rome.

It has been the custom of the club to have a Christmas party at the Castle in Olean, New York, each year. And at the end of the school year the underclassmen of the club have a party in honor of the Senior members.

THE LATIN CLUB

1st row: Minard, Sherrife, Carlson, Butler, Abel, B. Painter, Johnson, Higley

2nd row: Clark, Abbey, O'Connor, Keltz, Mrs. Nadolske, P. Painter, C. Lovell, Kerr, Leapal, Black, S. Lovell, Georgetson, McConnell, Ostrander, Gregg, Olson

3rd row: Kelly, Anderson, Smith, Arnot, Manning, Hermanson, Van Nette, Kennedy, Hammond, Young, Stoll, McCoy, Walter, Manning, Kellogg, Bilek, Tripp, Townsend

1st row: Cooper, Larcom, Poole, Connolly, Sherman, Baker, Krepps, Burleson
 2nd row: Kallenborn, Falk, Rees, Froebel, Thomas, Harges, Bergholtz, Caulkins, Kennedy, Markovs, Gamble, Newton
 3rd row: Spangler Buckheit, Butler, Mole, Lang, Kelly, Danielson, Dudzinsky, Patton, Weimer, Hagstrom, Mr. Bates

THE BIOLOGY CLUB

Our Biology Club was happy to receive twelve new members this year. After the initiation had been completed, projects were assigned. At present, the Sophomores are working on a model cell. The Juniors are putting the finishing touches on a skull and a fish skeleton. We Seniors are completing a Science Clubs of America plaque. Our club is a member of this nation wide organization.

The Biology Club gives us a chance to pursue this interesting science through all our years in high school even though we study biology only one year.

But working on our projects is not all we do. We have participated in group sports this winter, and we will have swimming parties and wiener roasts next summer.

THE TRI-HI-Y

1st row: Reese, Pelegriano, Kerr, Hess, Wilcox, Lilly, Marchinette
 2nd row: Schoonover, Larson, Harvey, Anderson, McKervcy, Tarbox, McElwee
 3rd row: L. Tripp, Baker, Daniels, Grimes, Hammond, Brown
 4th row: Stoll, McCoy, Walter, Mrs. Watkins, Johnson, Kaziska
 5th row: Anderson, Townsend, M. Tripp, Thrash, Arnot, Scheen
 6th row: Goochee, Greenhill, Redmond, Mead, Fitzsimmons, Hermanson, Harrison

To create, maintain, and extend throughout the home, school, and community, high standards of Christian character is the purpose of the Tri-Hi-Y. The club has attempted to abide by this purpose this year. Their charity illustrated their belief that it is more blessed to give than to receive.

However, all work and no play makes Jack a dull boy, so we also provided ourselves with entertainment. The Tri-Hi-Y and the Hi-Y together held an enjoyable Valentine Dance in the Arnold Avenue School.

THE HI-Y

1st row: Patton, Carpenter, J. Connolly, M. Connolly, Hardes
 2nd row: Chase, Bosworth, Danielson, Weimer, Cooper, Johnson
 3rd row: Mr. Watkins, Ernst, Lang, Hall, Newton, Markovs, Kallenborn, Kennedy, Poole, Gamble

Our Hi-Y club is mainly a service organization. As one of our projects this year, we will plant one-hundred pine trees in the spring so that we will be able to supply the elementary grades with Christmas trees for years to come.

Our club is active in the state Hi-Y organization in which we have two representatives. One, Ted Newton, our president, participated in the model legislature at Harrisburg, Pa.; and the other, Leonard Bosworth, was named to the State Hi-Y council.

We also have the opportunity to visit and exchange ideas with other clubs such as the Bradford Hi-Y who have invited us to their Y.M.C.A. for swimming and other sports. But most important, our purpose is to create, maintain, and extend, throughout the school and community, high standards of Christian character.

Providing Christmas trees for home rooms, an annual project

1st row: Hammond, Lilly, Miss Swanson, P. Painter, Reese, Gooch, Nelson, Leapal, Walter, Kerr, N. Black, Van Nette, Kennedy, H. Abbey
 2nd row: Keltz, Hess, Van Zile, C. Lovell, M. Abbey, S. Lovell, Tampuu, J. Anderson, Kelly, Olson, Schoonover, Gregg, Felegriano, Georgetson, Mullin, Tarbox, Raymond, Larson, Hermanson, Scheen, Fitzsimmons, Nunn, Marchinette L. Tripp, Schroll, Manning, M. Tripp, Wilcox, Harrison, Mead,

THE PRESS CLUB

The main duty of the members of the Press Club is to gather and compile news for the Bugle. Each member is given an assignment to obtain all the news possible concerning gossip, fashions or sports. Most of the members are extremely proud to see what they have written in print.

Just as in the Press Club, the members of the Steno Club play an important part in the publication of the Bugle. They are responsible for the typing and mimeographing of the paper.

THE STENO CLUB

Greenhill, Hermanson, Gooch, Clark, Larson, Mr. Wertz, Minard, Hess, Smith, Scheen, Reese, Rialti, Tripp, Harvey, Kaziska, Taylor

THE F. H. A.

Under the leadership of President Caroline Thrash, the F.H.A. accomplished much. The girls sold stationery with the picture of the new high school engraved on it. From the proceeds of this project several girls were able to attend the F.H.A. convention, which was held at Penn State University from June 11-14.

1st row: Miss Taylor, Painter, J. Barber, Vanocker, Andrews, Henning, Cotter, Crowe, O'Connor. 2nd row: Keltz, Hoffman, Huey, Falk, Wykoff, Schoonover, B. Daugherty, V. Tampuu. 3rd row: A. Tampuu, E. Daugherty, D. Barber, Ostrander, Sherwood, Hoffman, Bells. 4th row: Meyers, Sewell, Smith, Renner, Smith, McGee, Young. 5th row: Stone, Johnston, Crawford, Hoyis, Thrash, Shaffer

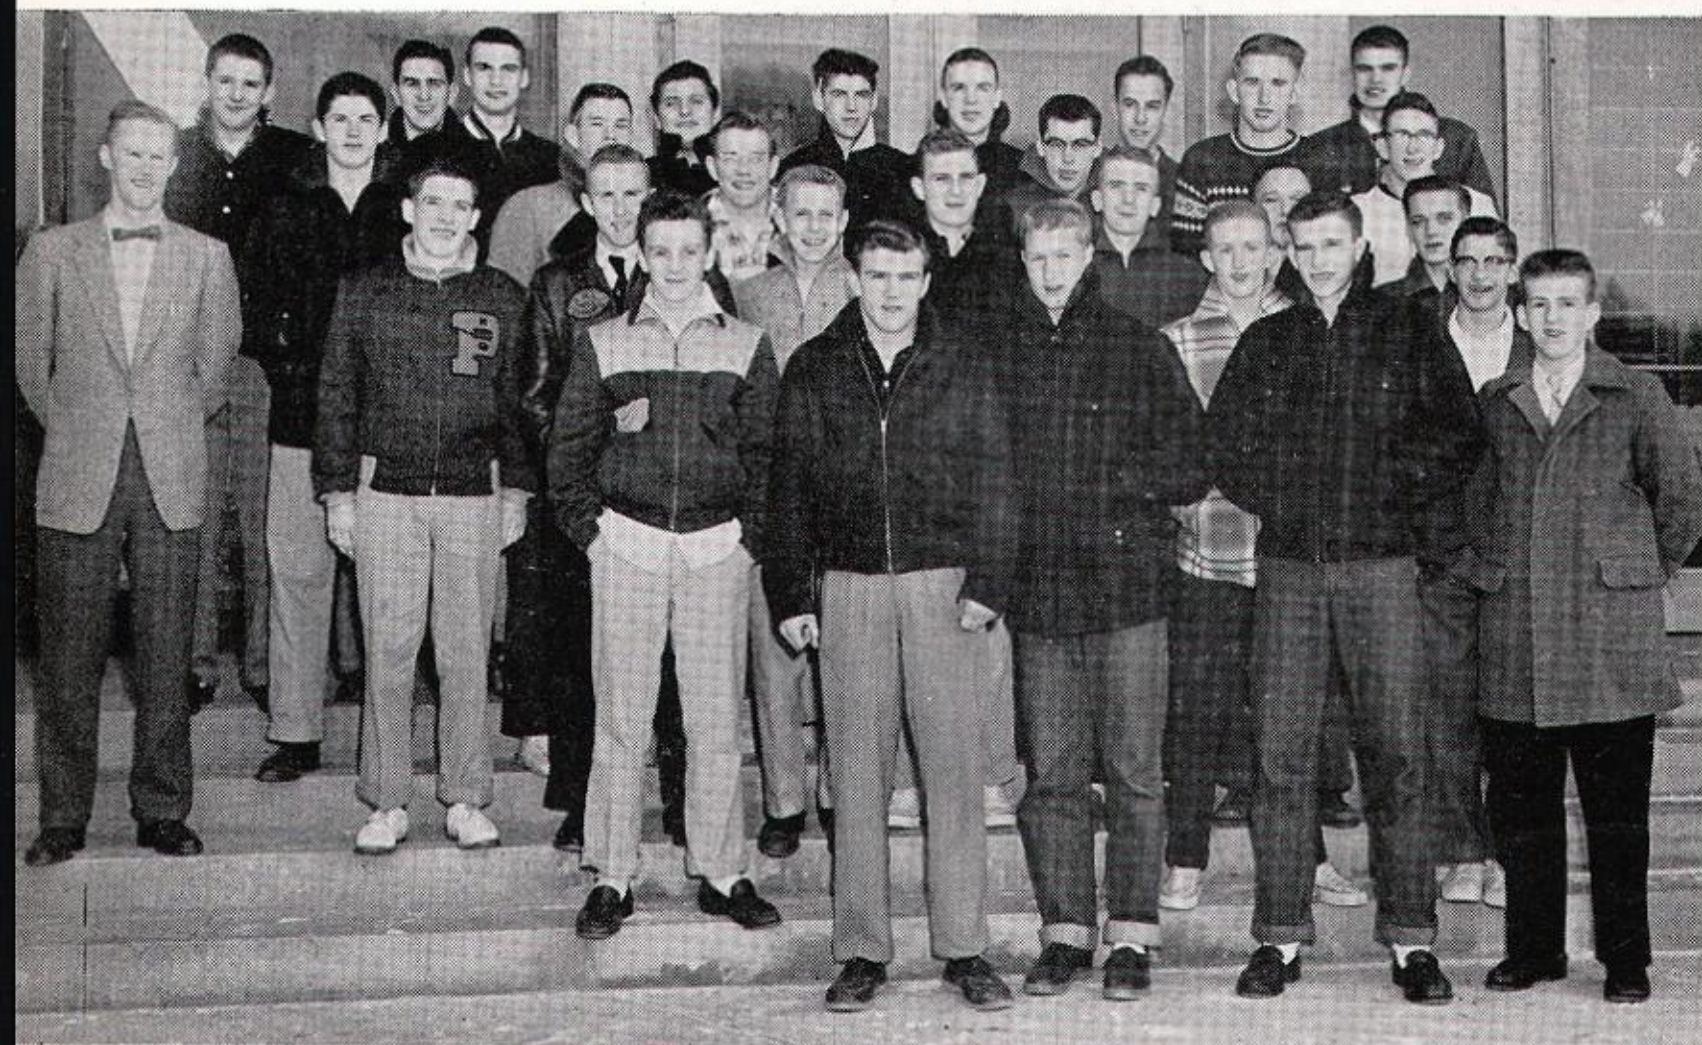

1st row: Kennel, E. Johnson, F. Ernst, Shelley, Van Sickles, Saltsman. 2nd row: D. Ernst, Vanocker, Minard, Connor, C. Johnson, Stone, Bowser, King, Keech, Clark, P. Smith, Niles, K. Smith, Mr. L. Watkins. 3rd row: Gregg, W. Baker, Spencer, R. Baker, Brown, Rines.

THE F. F. A.

Learning to do. Earning to live. Doing to learn. Living to serve.

The boys started their year by selling magazines. From this project, the Senior boys had the privilege of spending two days at the State Farm Show at Harrisburg.

The boys also went on some local field trips. One group went to the Port Allegany Corporation. Another group went to a beef judging at Genesee.

1st row: Weimer, Walters, Rees, Carpenter, Kelly, F. Smith, Patton
 2nd row: Mr. Stromberg, Chase, Thomas, Minard, Dudzinsky, Danielson, Hills, Kaziska
 3rd row: Drabert, Gamble, Bernard, Tronetti, Kallenborn, Mole, Froebel, Cotter, Buckheit, Kelly, Hildreth, Gregg, Newton, Lang

THE VARSITY P CLUB

The members of the Varsity P Club are probably familiar to you. You may have seen them on the football field, the basketball court or track. These are the boys who have earned a varsity letter in some sport.

Most of their activities pertain to sports. Perhaps they have called at your house to sell reserved seats for the basketball games. Surely you have seen the new scoreboard in the gym. This was made possible by the activities of the Varsity P Club. Their purpose is to improve the interscholastic athletic program and to foster school morale. It is evident that the club is accomplishing its goals.

1st row: Mr. Dann, Weimer

2nd row: Johnson, Hamilton, Ryan, Mansfield, Manning, King, Nordstrom, Ryan, Glesk, Razey, Cooper, Kline, Renner, Goochee, Taylor, Patton, Kazimer, Card, Fessenden, Barber, Doan, Evans

THE JUNIOR RED CROSS

One comparatively new club in Port High is the Junior Red Cross. The club consists of two hundred members and is sponsored by a group of Junior High teachers.

The members are kept busy with numerous activities. At Christmas they made tray cards and distributed them to the local hospital, the Soldiers and Sailors Hospital in Erie, and the McKean County Home. The satisfaction on the faces of the people who received the cards made all the hard work worth while.

Some of their most recent projects consist of the making of fifty comic books and the filling of overseas boxes.

Although the club activities are not entirely work, the members are proud of the happiness they have been able to bring to others.

The Jr. Hi-Y Club is a new organization for the seventh, eighth, and ninth grade boys in the Port Allegany Union School. The purpose of the club is to create friendship and uphold Christian standards. By helping their fellow students and by being friendly with each other, the boys set a good example for other students and accomplish the purpose of their club.

The club officers of the Jr. Hi-Y for the year 1956 are Gilbert Miller, President; Ronnie Johnson, Vice President; Donald Kester, Secretary; Donald Black, Treasurer; Jerry Cole, Sergeant of Arms; and Peter Connolly, Chaplain.

The club members established rules, regulations, and by-laws which will be used as a Constitution for the future club members.

Because the Jr. Hi-Y is the first club joined by many of the boys, they are learning the proper method for conducting their meetings with the assistance of information from Robert's Rules of Order.

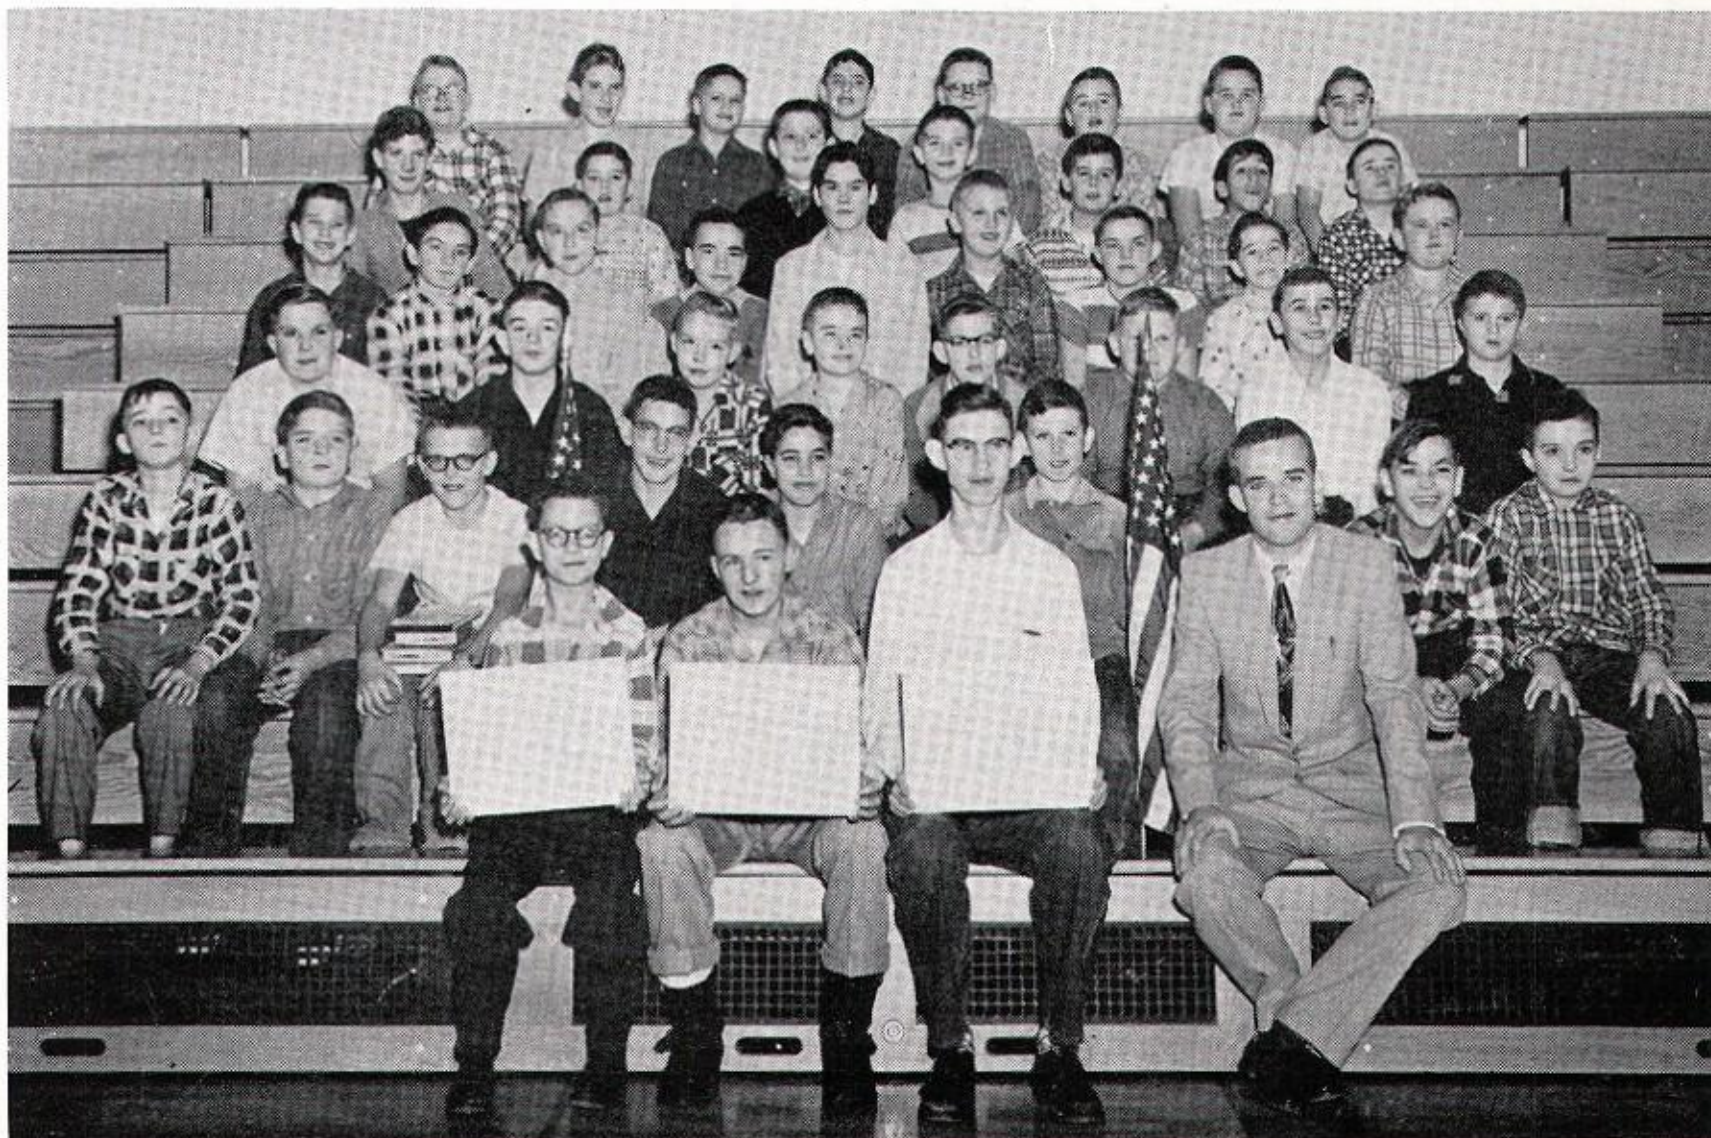

During the year the boys in the Club helped to sell tickets for the Cole Brothers Circus seen by the student body and they co-operated with the Hi-Y in selling tickets for the Hi-Y, Tri-Hi-Y Valentine Dance.

The present organization will be chartered with the national parent organization, the Y.M.C.A.

The Tiger Lily Staff has a big job to perform during the school year. They first must plan the book which includes choosing a theme, planning length of the book, and choosing a cover design and color. Once these things are finished, they must begin the actual work on the book which takes considerable time. Pictures must be scheduled and taken. The pictures must be scaled, and paste-ups must be completed.

While all this is taking place, the business editors are busy collecting advertisements which help to finance the book. The copy editors are doing the writing. Then comes the final step—selling the book—in which all Seniors participate. Because many students want a remembrance of the school year, the sale is usually very successful.

The Tiger Lily staff is responsible for a pictorial and verbal history of the school year.

Our football team's .500 average represented the poorest season since 1949. Inexperience of our varsity players combined with good opposition were responsible for the mediocre record.

However, the horizon looms brighter. Sophomore and Junior varsity and second-string men gained invaluable experience. They, in addition to the promising Junior Varsity men, promise to make Port Allegany a powerful team next year.

Because our track had not been completed, our 1956 track team practiced under rather adverse conditions. Perhaps you saw them working behind the Arnold Avenue school or at Mr. Herger's Indian Echo Farm. Mr. Dann, our coach, and Mr. Wertz, his assistant, couldn't be everywhere. So, occasionally, you could see one of the boys taking a snooze under a pine tree at Hergers. But this was the exception rather than the rule, and everybody worked hard.

The men remembered the performances of the 1955 team at Smethport, Warren and Bradford. They remembered Jim Johnson running the mile, and the fine mile relay team. In the field events they remembered our two high jumpers, Mike Gamble and Ted Newton, and Dave Rees who threw the discus. Gary Tronetti, one of the best sprinters in the area, returned to set an example for the team.

All of the boys who turned out for track worked hard and did an excellent job against stiff competition. It is believed that the completion of our new track will make interest in this sport greater.

STUDENTS

Bowling has attracted the interest of many Port High boys. The bowling alleys have been made available for our students as a result of splendid co-operation between The Masonic Lodge and the school. Mr. Pelegriano, an enthusiastic and superior bowler, has been teaching the boys and has transferred his fondness of the sport to the student bowlers.

VESTED ENSEMBLE

ALMA MATER

Although Yale has always favored
The violet's dark blue,
And the gentle sons of Harvard
To the crimson rose are true,
We will own the lily slender;
Nor honor shall it lack
While Port Hi stands defender of
The Orange and the Black.

The vested ensemble is selected from the choir. The singers who represent our school at County Chorus are selected from this group. The ensemble practices long and hard to work their songs to perfection. The vested ensemble this year participated in the vocal Christmas program and the Spring Concert. The ensemble presented "This Is My Country" as their contribution to the Dedication Program of our school.

Here are a group of students interested in singing. Any student in senior high can join the choir if he so wishes. The choir practices twice each week.

This year the choir presented a Christmas program, and a Spring Concert on May 8. Since this picture was taken, the choir has been expanded and now there are about seventy members.

When the cares of life o'ertake us
Mingling fast our locks with gray,
Should our dearest hopes betray us
False fortune fall our way;
Still we banish care and sadness
As we turn our memories back,
And recall those days of gladness
'Neath the Orange and the Black.

BAND

Concert

The Concert Band, under the direction of Mr. Moyer, is heard practicing every Wednesday and Friday. The Band is always busy working hard to prepare a concert for the public. They present two concerts during the school year. One concert is presented in the fall and the other in the spring.

Members of this group also participate in county, district, and state festivals each year. Many members of the band attend county band which this year was held at P.A.U.H.S. A smaller number represent our school for District Band, and only one representative attends the State Festival.

The Concert Band also plays for special school events. This band officially opened the program for the dedication of our school. All the members can be proud to have been part of such an outstanding event.

Marching

The Marching Band is seen at the football games. Although many times the practicing gets tiresome and the weather is bad, the band is always ready to perform at the half-time of the games. It is also the band which gives support to the cheering section.

This year for the first time, we also had a "Pep Band" for the basketball games. The band added greatly to the enthusiasm of the crowd.

We also notice the band during the summer marching season. Old Home Week parades are usually led by our High School Band. The band also goes to out-of-town parades where they compete with other High School bands. We can proudly say that our band always ranks high in this competition.

MAJORETTES

Lilly, Thrash, Schoonover, Fryer, Van Nette, Nelson

The majorettes are seen leading the High School Band in parades as well as at the football games. At the present time there are six majorettes in our band.

In the parades the majorettes are seen twirling and also doing some routine work. Although there are times when it seems as if little is being accomplished by the continuous practicing, we must admit that evidence proves the public appreciates the work that the majorettes are doing. Without the majorettes to lead the band, the appearance would be greatly changed. When the band is heard coming down the street, the majorettes first attract the attention of the public. Many times people form opinions of the band by first noticing the majorettes; therefore the majorettes should be neat and striking in appearance.

The majorettes also work up routines for the half-time programs of the football games. By continuous hard work and practice, we are sure that the majorettes will always perform remarkably well.

The orchestra is an organization which is greatly appreciated in Port High. It is composed mainly of those people who are interested in dance music. This year the orchestra played for dances which were sponsored by several of the different school clubs and classes. They have a great variety of music which they very ably play under the direction of Mr. Moyer.

The orchestra can be heard practicing faithfully every Tuesday. Whenever a new piece arrives, they work with great enthusiasm to perfect it. Because of their willingness to practice, they are able to overcome any selection which might challenge their abilities.

Not only has the orchestra played for different dances in our school, but they have also played for dances held in neighboring schools.

It is a privilege and a distinction to have an orchestra like "The Black Knights" in our school. We all feel certain that we have one of the best high school orchestras in this district.
